SPACE STORY. YOU'RE IN UNEXPLORED TERRITORY WITH CITROËN BERLINGO'S LOAD VOLUME AND SUPER-FLEXIBLE CAPACITY. UP TO 856KG PAYLOAD AND A SERIOUSLY USEFUL 4.1 CUBIC METRES OF INNER SPACE ON PANEL VANS.

VITALLY, THIS MEANS THAT TWO EUROPALLETS CAN BE LOADED STRAIGHT IN. WE DON'T HAVE TO TELL YOU HOW MUCH EASIER LIFE HAS JUST BECOME... ACCESSING THIS INNER WORLD IS MADE EASY BY REAR DOORS THAT SWING OUT TO LEAVE A YAWNING 180 DEGREE OPENING – PERFECT FOR BACKING RIGHT UP TO LOADING BAYS.

› EVERYTHING IN ITS PLACE

Citroën Berlingo features numerous load retention configurations, so whatever you need to transport, you can do so safely with minimal hassle.

› THE BULKHEAD

A range of bulkheads are available, including an easy to configure half-height steel bulkhead with removable panel. This helps you divide up the loadspace how you need to – this is modularity at its very best. Place the removable bulkhead panel behind the driver's seat, fold forward the passenger seat and you've freed up enough space to take really long, awkward loads.

› ANCHORAGE POINTS

Citroën Berlingo's loadspace features six chrome-plated anchorage points and LX, XTR+ and Enterprise models have a tough synthetic floor cover to shrug off scuffs.

IT'S YOUR STORY. CITROËN BERLINGO IS INGENIOUSLY FLEXIBLE SO THAT ANYTHING YOU NEED, CAN BE LOADED AND CARRIED WITH EASE.

A BIG, UNINTERRUPTED LOAD FLOOR AND A CABIN PACKED WITH NEAT MODULAR FUNCTIONS MEAN THAT THIS IS A HARD WORKING VAN THAT ADAPTS TO YOUR NEEDS. FOR ULTIMATE EASY LOADING, A CHOICE OF SLIDING DOOR COMBINATIONS IS AVAILABLE DEPENDING ON WHICH MODEL YOU GO FOR.

› BLUE SKY THINKING

The optional opening roof flap on L1 versions allows you to carry awkward long loads whilst keeping all doors securely locked.

› REINVENTING THE SEAT

Citroën Berlingo LX, XTR+ and Enterprise's modular EXTENSO® cabin is truly in the Citroën innovative tradition. This modular folding passenger bench seat can be configured in three positions, for maximum flexibility.

› MOBILE OFFICE

The middle seat backrest can be folded forward to provide you with a desk on the move, whilst the passenger seat base folds up cinema-style to accommodate a fragile load in the footwell. You can fold the passenger seat completely flat to take on a load up to 3m on L1 versions and 3.25m on L2 versions.

› CREW VAN

If you need to transport extra personnel, Citroën Berlingo Crew Van offers maximum flexibility. Its ingenious design features a rear bench seat and headrests for additional crew members with an integrated protective mesh upper bulkhead, separating them from the load area behind. If unoccupied, the bench can be folded fully and tipped on end as the bulkhead slides forward. This creates a bulkhead behind the front seats, protecting the front passengers and opening up the load area to 3.4m³.

WORK IN YOUR COMFORT ZONE. GET BEHIND THE WHEEL OF YOUR CITROËN BERLINGO AND YOU'LL QUICKLY APPRECIATE THE QUALITY OF YOUR SURROUNDINGS.

BIG ON COMFORT, THIS IS A SERIOUS WORK SPACE, WITH ERGONOMIC EFFICIENCY BRINGING YOU A PERFECTLY PLACED GEAR LEVER, HEIGHT AND REACH ADJUSTABLE STEERING WHEEL AND A HEIGHT-ADJUSTABLE DRIVER'S SEAT STANDARD ON ALL MODELS.

› FOR YOUR EYES ONLY

A feature of the EXTENSO® cabin is a 7.5 litre storage box that sits safely under the middle seat – away from view.

› BETWEEN THE SEATS

Standard on X models is a quickly removable 13 litre storage compartment that sits between the front seats.

› YOUR ENVIRONMENT

Go for the Enterprise or choose air conditioning on other versions for the right temperature throughout the seasons.

› AT YOUR FINGERTIPS

Around the height and reach adjustable steering wheel are grouped quickly accessible controls and plenty of useful stowage spaces.

› IN TOUCH WITH TECHNOLOGY

Standard on Enterprise and optional on LX models, a bright 7 inch touchscreen gives you instant fingertip control of key technologies such as the DAB audio system with Bluetooth®. It also brings you a clear view of the images transmitted by the optional reversing camera. Useful technology makes light work of your day.

› TELETRAC NAVMAN

Adding to the comfortable experience, Teletrac Navman guides you to your destination without hassle, thanks to real-time traffic and road incident data that provides you with the best possible route and constant updates, via a colour touchscreen. GPS Stolen Vehicle Tracking enables a stolen vehicle to be tracked and located 24/7, every day of the year, so you can leave your vehicle, safe in the knowledge that it can look after itself.

› EVERYTHING IN ITS PLACE

Citroën Berlingo features a 4.1 litre glove box behind the steering wheel – practical and perfectly placed.

› OVER AND ABOVE

The full width overhead storage shelf is tailor-made for folders and paperwork and is easy to access.

THE BALANCE OF POWER. EACH CITROËN BERLINGO BRINGS YOU A BALANCE OF PERFORMANCE, RELIABILITY AND ECONOMY.

OUR CHOICE OF PETROL AND DIESEL ENGINES DON'T ONLY WORK FOR YOU: THEY WORK HARD TO MINIMISE ENVIRONMENTAL IMPACT TOO, AS YOU WOULD EXPECT FROM A MANUFACTURER WHOSE ENVIRONMENTAL CREDENTIALS ARE AMONGST THE VERY BEST.

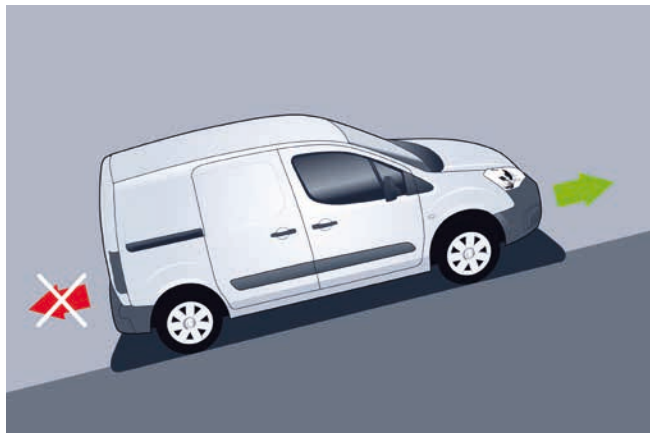

➤ LATEST AND GREATEST

The range now includes the very latest Euro 6 BlueHDi engines that achieve CO₂ emissions from just 109g/km and fuel economy from 68.9mpg combined. Designed without compromise, they are also more powerful, delivering refined flexible performance and swift safe responses.

THE SAFETY EXPERT. CITROËN BERLINGO SPECIALISES IN YOUR SAFETY. IT'S PACKED WITH TECHNOLOGY THAT'S WORKING HARD ON YOUR BEHALF.

THERE'S CRUISE CONTROL WITH DRIVER ADJUSTABLE SPEED LIMITER, ANTI-LOCK BRAKING SYSTEM, ELECTRONIC BRAKEFORCE DISTRIBUTION AND ELECTRONIC STABILITY CONTROL. SAFE, ADVANCED, PIONEERING, A PROTECTIVE WORK MATE: IN OTHER WORDS A CITROËN VAN.

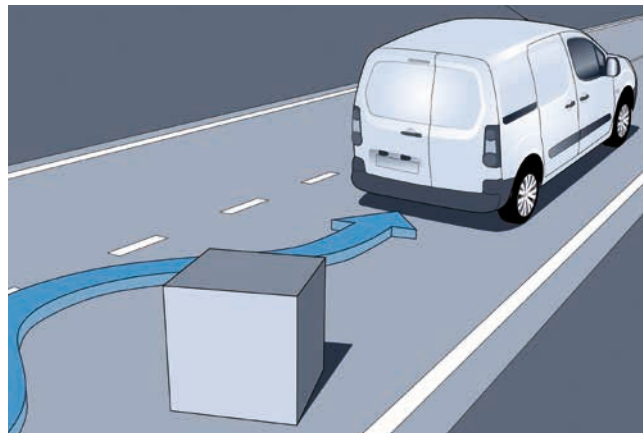

› REVERSING CAMERA

Available for the first time as an option on Citroën Berlingo, the colour reversing camera sends images to your 7 inch touchscreen complete with clear guide lines to make the trickiest manoeuvres inch-perfect. The camera helps to make parking damage a thing of the past.

› ANTI-LOCK BRAKING SYSTEM

With carlike roadholding and Anti-lock Braking System as standard, the Citroën Berlingo is designed to keep you out of danger in all conditions.

› AIRBAGS

A driver's airbag is standard on all models and up to three additional airbags can be specified, giving both front and lateral protection.

› SAFE START

The Hill Start Assist function makes smooth, safe hill starts a certainty. Linked to the standard Electronic Stability Control, it holds your vehicle long enough for you to shift from brake to accelerator and get going.

MAKING YOUR CITROËN BERLINGO A PRECISION INSTRUMENT. THERE ARE MANY WELL THOUGHT OUT OPTIONS. YOU CAN DECIDE PRECISELY WHAT GOES INTO YOURS.

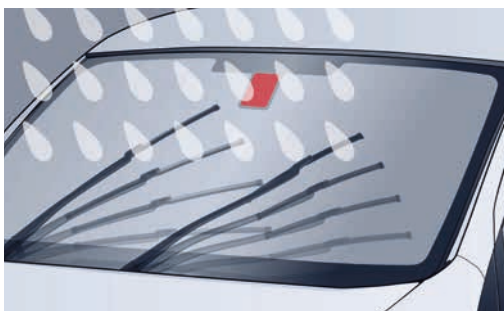

> BULKHEADS

A hard working van must carry loads safely, securely and effortlessly. Citroën Berlingo offers a range of bulkheads, including the standard ladder frame (A) and half-height modular bulkhead with upper mesh (B+C), which separates the load compartment from the cabin. The upper mesh grille provides substantial protection for the driver and passengers, even when carrying a variety of small items. The removable panel is easily stored (C) to accommodate loads up to 3.25 metres long.

> TWIN SLIDING SIDE LOADING DOORS

Choose the twin sliding side loading door option and you create a Citroën Berlingo with total accessibility. Its generous loadspace will be that much easier to use – from just about any angle.

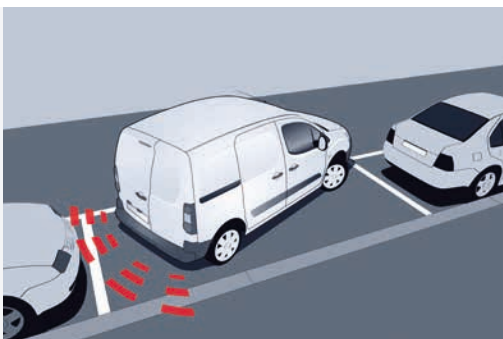

> VISIBILITY PACK

Safe progress is enhanced by optional automatic rain-sensitive windscreen wipers and automatic illumination of headlamps. As weather conditions change, the Citroën Berlingo looks after you.

> REAR PARKING SENSORS

Parking your van shouldn't add to the burden of a busy day. Optional front and rear parking sensors, available with rear camera, let you manoeuvre safely and quickly into the tightest spots, fully aware of hidden obstacles. Job done.

GREEN EFFICIENCY. CITROËN HAS BEEN PIONEERING CLEANER, MORE FUEL-EFFICIENT MOTORING, SUCH AS THE COMMON RAIL HDi ENGINES NOW FITTED IN ALL NEW CITROËN DIESELS, LONG BEFORE ALL THE HYPE...

CITROËN HAS ALWAYS BEEN AT THE FOREFRONT OF GREENER TECHNOLOGY AND THE CITROËN BERLINGO MAINTAINS THAT TRADITION. IT'S WHY WE ARE FOUR TIME WINNERS OF THE GREEN FLEET LCV MANUFACTURER OF THE YEAR. TODAY, WE HAVE ONE OF THE UK'S WIDEST RANGES OF LOW EMISSION VEHICLES. WE ALSO PRODUCE ONE OF THE UK'S MOST ECONOMICAL LIGHT COMMERCIAL VEHICLES, THE CITROËN NEMO VAN.

We've been equipping more of our vehicles with more environmentally friendly breakthroughs, such as Stop & Start. This puts the engine into idle mode as you decelerate and stops altogether as you come to a halt. The moment you take your foot off the brake, it restarts silently and without vibration. The results are a dramatic reduction in both fuel consumption and CO₂ emissions, combined with responsive performance wherever you go.

GO LO CO₂ WITH B30

All Citroën BlueHDi diesel vans run on 30% bio-diesel

THE AWARD WINNING CITROËN VAN RANGE

GLOSSARY

› BlueHDi DIESEL ENGINE

Latest generation diesel engine technology from Citroën. BlueHDi complies with Euro 6 emission standards, to deliver exceptional fuel economy and CO₂ emissions and gives a driving experience rich in power and performance.

› ELECTRONIC STABILITY CONTROL

This is computer-controlled traction assistance and is provided primarily through the braking systems. The ESC's control unit constantly compares where the driver intends going (through the position of the steering wheel) with where the vehicle is actually going and, if necessary, makes speed corrections to each wheel individually through braking or engine torque to keep the vehicle 'in line'.

› GUIDE-ME-HOME HEADLIGHTS

Parking in the evening or in a poorly lit car park is made easier with Citroën's 'guide-me-home' system. On locking the vehicle the headlights stay on for a few seconds to allow you time to get to your front door or garage exit with sufficient illumination to navigate your way safely.

› CONNECTING BOX

Integrated Bluetooth® handsfree phone function with USB socket and jack to plug in a portable MP3 player.

› TELETRAC NAVMAN

Teletrac Navman is a unique journey management system, a touchscreen satellite navigation unit which uses real-time traffic and road incident data to provide the best available route, which is then updated in response to evolving traffic conditions. Destinations can be entered on-screen by address or postcode. Mapping updates and new speed camera locations are downloaded instantly to the vehicle, ensuring routes are planned using the latest information. The Stolen Vehicle Tracking feature enables a stolen vehicle to be tracked and located 24/7, every day of the year.

Teletrac Navman comes with the following features as standard:

- 3 years' Teletrac Navman Touchscreen routes, up to 100 routes per month
- 3 years' Stolen Vehicle Tracking
- 3 years' automatically downloaded live traffic information
- 10 Personal Assistant Teletrac Navman routes
- 3 months' Safe Speed safety camera alerts.

› GRIP CONTROL ESC SYSTEM

Electronic Stability Control (ESC) with traction control whose functionality can be adapted to driving conditions via a dashboard-mounted dial with 5 different modes: Standard ESC, Snow, All Road, Sand and ESC Off. The Grip Control ESC includes Hill Start Assist function, All Road Pack (underbody engine protection and half-cover wheel trims) and Michelin Agilis tyres (195/70 R15), whose suitability for all-terrain use optimises traction on a multitude of surfaces.

› ON-BOARD TRIP COMPUTER

Berlingo's multi-function on-board trip computer provides you with information at your fingertips. At the touch of a button you can view a range of data like fuel consumption, average speed and mileage possible at your current fuel level.

› EXTENSO®

The EXTENSO® modular folding passenger bench seat can be configured in three positions, for maximum flexibility:

› EXTENSO® MOBILE OFFICE POSITION

The middle seat folds forward so the area on the back of the middle seat can be used as a writing table with integral retaining strap. There is also a 7.5 litre storage compartment under the middle seat cushion, which can be padlocked for added security (not supplied).

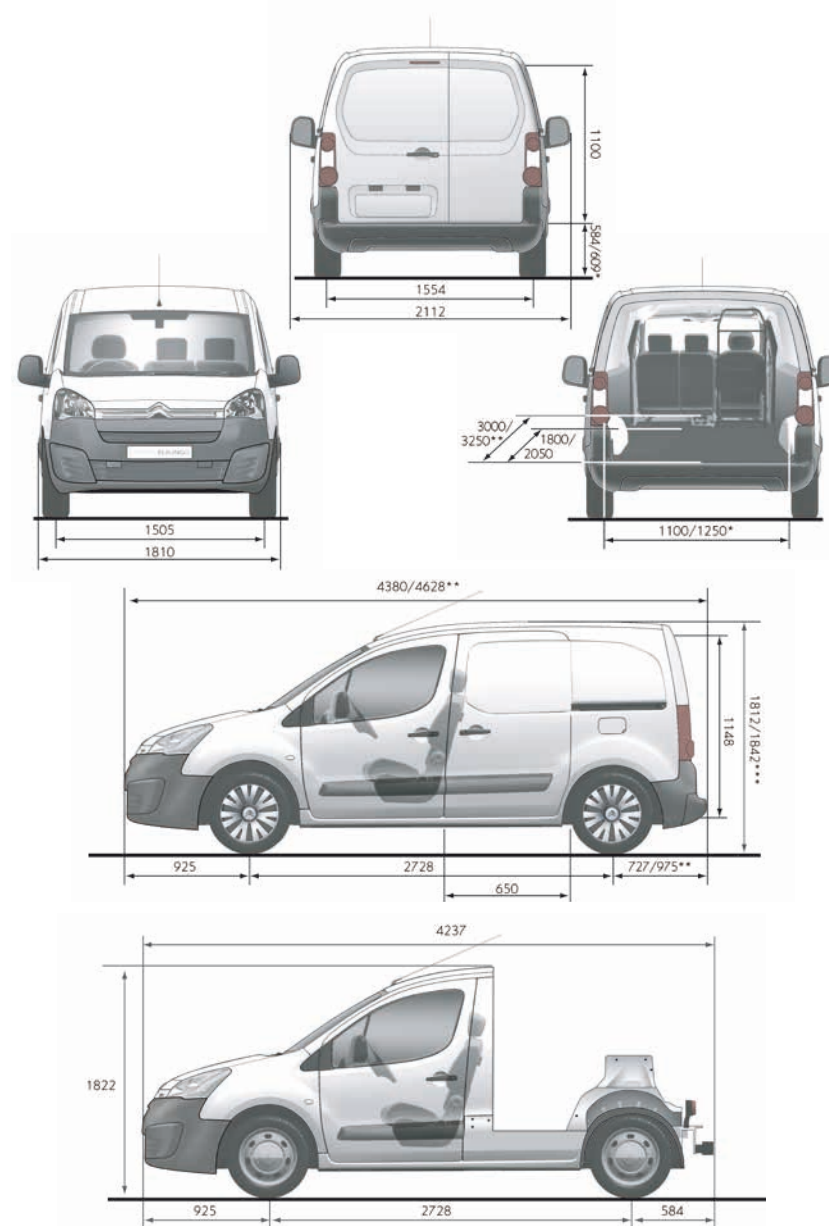

› EXTENSO® RETRACTED POSITION

The outer passenger seat can also be folded forward, and the whole of this seat can then be lowered into the floor. This EXTENSO® feature increases the load length of the Citroën Berlingo by 1200mm and its load volume by 0.4m³, allowing you to load longer items. The back of the seat has a protective metal shell which can support loads of up to 50kg.

› EXTENSO® FOLDAWAY POSITION

Alternatively, the base of the outer passenger seat can be lifted up to meet the seat back, in a similar way to a cinema seat, to create an extra space in the cabin area.
