Renault KANGOO

Efficient, adaptable and durable

January 2020

The Renault KANGOO: Efficient, adaptable and durable

The Renault KANGOO has been specifically designed with your needs in mind, whatever your business environment. With panel vans, crew vans and fully electric versions, the KANGOO can be adapted to your every demand, offering you a wide range of tailor made and practical solutions.

Versatile Dimensions

KANGOO Van

Loading is made easy thanks to the low load threshold. With load volumes of up to 3.6m³ KANGOO Van you'll have all the space you need.

KANGOO Maxi Van

With load volumes of up to 4.6m³ you'll have even more space. Need to get tools and a team to site? The Maxi Crew Van has seating for 5 and still allows you to securely carry the tools you need for the job.

KANGOO Van Z.E. 33

Instant pulling power, quiet and the simplicity of never having to change gear. KANGOO Van Z.E. 33 is a pleasure to drive and is 100% electric.

		KANGOO	KANGOO Maxi	KANGOO Crew Van	KANGOO Crew Van Cab
Load Volume (m ³)*		3.0 – 3.6	4.0 – 4.6	1.3 – 3.4	2.4 – 3.6
Load Length (mm)		1,476	1,862	1,008	1,361
Load Height (mm)		1,129	1,129	1,129	1,129
Wheelbase (mm)		2,697	3,081	3,081	3,081
Payload (kg) Diesel/Electric		671 – 775 / 625	782 – 794 / 605	TBC / 640	TBC / 639
Trim levels		Business, Business+			
Engines		Diesel (80hp, 95hp, 115hp) & Electric			

*Maximum load volumes include optional swivelling bulkhead with fold down passenger seat.

Ready4Work by Sortimo

For professionals that need to store tools and equipment, the Ready4Work by Sortimo system arrives at your dealer fully fitted so you can get straight to work. The storage is designed specifically for Renault, so no drilling into the vehicle floor is required.

KANGOO near side Basic block

KANGOO near side Standard block

KANGOO near side Premium block

KANGOO off-side Basic block

KANGOO off-side Standard block

KANGOO off-side Premium block

You can pick and choose from a variety of solutions, with racking on one side or both sides. The range is designed to provide professionals with a durable racking system suitable for the storage of a wide range of tools, components and accessories. For full details of what is available, please refer to the LCV Accessories brochure or ask your local dealer.

Construction:

- All shelves are made of steel with a load capacity of 60kg each.
- Features aluminum uprights with integrated lashing system (Prosafe system).
- Ready4Work comes with a 9mm thick protective floor with integrated anchorage points.
- The protective floor is resistant to soil and water, easy to clean, extremely scratch proof and impact-resistant
- Aluminum strips protect the door sills.

(Offside racking is not compatible with right side loading door.)

The durable workhorse for your business

Case Study: Wessex Water

The Renault KANGOO has received recognition for years from fleet customers for its adaptable and durable performance. Having a reliable fleet keeps a business moving and Wessex Water, a long term customer, have recognised this, integrating 150 KANGOO vans into their fleet to provide a service to its 2.7 million customers across the South West of England. Head of fleet, Martin Crocker, was keen to explain why he chose the KANGOO vans for Wessex Water.

Why did you choose the Renault KANGOO Van for your fleet?

"We chose the Renault KANGOO vans because, using our framework, we think the KANGOO fits well to our requirements: good whole life costs, service and delivery, reliability of van and a supportive dealer network."

What role do the vans play in your day to day operations?

"In our operations across Dorset, Somerset, Bristol, the majority of Wiltshire and parts of Gloucestershire and Hampshire, the vans play lots of different roles, from samplers to leakage inspectors, carrying tools and staff to the appropriate locations."

What do you think of the features of the KANGOO?

"We have Business specification vehicles plus the additional option of R-Link is a stand out feature, it's a great addition to have on a commercial vehicle, which improves the driver experience. KANGOO offers a strong overall package and this is why we are pleased with them."

In terms of the engine, what's your opinion of the KANGOO offering?

"We've never had any negative feedback from our drivers and the latest ENERGY dCi 75 diesel engines are more than sufficient for our purposes. The engines also don't require AdBlue® which is very useful."

How does the KANGOO load area support your business?

"Every role in the company has a specific van to transport the appropriate amount of people and tools to the site. The KANGOO load areas fit perfectly for the operations we have. We also have racking in the back to help organise the equipment in the back of the van."

Efficient with fuel

With our engines your business can benefit from Stop & Start technology and regenerative braking systems. Your Renault KANGOO can achieve fuel economy of up to 64.2mpg*, helping your business minimise fuel costs.

EMISSION STANDARDS

Our range of Euro 6 ENERGY engines offer high performance levels to help your business. Renault is proud to have reduced emissions** in the KANGOO range with the application of the NOx trap located in your exhaust system. This means you can still receive the maximum efficiency from all our engines.

Renault Sport Formula One Team™

Allow the technology that powers the Renault Sport Formula One Team™ to power your business!

Your work station

The Renault KANGOO is designed in an ergonomic way to suit your everyday business needs. Our range of infotainment systems include our DAB radio with CD, MP3 and Bluetooth^{®**} (Standard on all) and our Renault R-LINK (optional) complete with 1 years TomTom[®] subscription.

Our full steel bulkhead, drivers airbag, Eco mode and air conditioning* are just a few of the features available to provide you with a comfortable environment.

*Standard on Business+

**Optional

*For compatible devices, please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html>

Giving you assistance and control

Here at Renault, nothing is more important to us than your safety which is why our range of driving assistance systems is more innovative than ever and most come as standard on all our vans! From Hill Start Assist to Grip Xtend to ESC (Electronic Stability Control) we are here to help you navigate over a variety of driving scenarios, protecting both you and your load!

Keeping you connected

R-LINK (Optional)

Our 7" touchscreen multimedia system includes navigation with TomTom® maps (we even give you a 12 month TomTom® LIVE services subscription), DAB radio and your very own 'Eco Driving Coach' giving you handy tips to improve your driving style. With R-LINK you also have the ability to download apps from the R-LINK Store and can control the system from the screen steering wheel controls or even using voice command!

Main menu with 6 icons

Discover the six available menus: navigation, multimedia, telephone, vehicle information, services and applications, system settings.

Vehicle information

The "Eco Driving" coach gives you handy tips to improve your driving style and reduce your fuel consumption.

Multimedia*

DAB/FM/AM tuner, connect devices via USB, AUX sockets or Bluetooth®.

R&GO

Turn your smartphone or tablet into a touchscreen for your dashboard! R&GO includes 3D navigation from CoPilot®+ and Eco driving score. Our Eco driving score includes a trip computer, a rev-counter and the ability to monitor your fuel consumption! Its free to download for compatible Android and iOS smartphones.*

The divide between you and your load

Multi-positional bulkhead

If you need both crew and load space then this one is for you! You can cleverly make the most of the load length while maintaining passenger safety. When carrying crew the bulkhead sits behind the rear row of seats. When you fold the seats down the bulkhead moves forward to protect you and the front passengers.

Full steel

Standard on all KANGOO panel vans, from top to bottom full steel to protect you and your load.

Swivelling bulkhead

Additionally we offer an optional swivelling bulkhead with folding passenger seat; the passenger seat folds flat and the bulkhead swivels round, providing protection for the driver as well as an additional 0.6m³ of load space. Simple, ingenious, and typical of our attention to detail – giving you a versatile load area.

Cutting emissions and your costs: the KANGOO Van Z.E. 33 – 100% Electric

Our KANGOO Z.E. 33 is 100% electric, offering you the same generous load capacity of their equivalent diesel versions but with ultra-low running costs and all the benefits of owning a Renault electric vehicle. The quiet yet instant pulling power means your KANGOO Z.E. 33 is simply a pleasure to drive. From easy to charge solutions such as the wall-box* (for home recharging) to charging stations at work or local public areas - the benefits simply keep coming.

Winner of
Green Award

* Wall-box not included in purchase

Driving Range

Now the KANGOO Z.E. 33 is available with the Z.E. 33 Battery giving a revolutionary WLTP* range of 143 miles on one charge, meaning range anxiety is a thing of the past. With real life estimates of 124 miles in summer and 75 miles in winter** the KANGOO Z.E. 33 is able to get you wherever you need to go with less need to recharge on the way, saving you time and money.

WLTP range* (miles)	Summer (+20°C)	Winter (-5°C)	Cost in Pence p/per mile†	Cost per full recharge†
143	124	75	Less than 4p	Less than £5

Top tip: Need an extra boost to get home? The KANGOO charges 15-21 miles on just an hour of charge.

***What is the WLTP and why the real-life range is similar to it?**
Worldwide Harmonized Light Vehicles Test Procedures (WLTP), this new homologation protocol gives fuel consumption and driving range results that are much closer to real life conditions figures than the NEDC protocol. While the old NEDC test determined test values based on a theoretical driving profile, the WLTP cycle was developed using real-driving data, gathered from around the world. WLTP therefore better represents everyday driving profiles.

****Why is the range reduced in winter?**
Like all batteries, those in Z.E. vehicles are less efficient in cold weather than at warmer ambient temperatures. This means that you can expect a reduction in the range of your Renault Z.E. in the winter. Also, in winter you are more likely to use the heating, which means KANGOO Z.E. consumes more energy.

Estimated range for the KANGOO Z.E. 33

- WLTP range
- Summer Range
- Winter Range

Choose the charging solution for you

Type of charger	Where to use it	Power required	Charging times (0-100%)	
Home (3-pin plug cable)*	Home / Office	2.3kW/10A	17 hours	Occasional slow charging. *Requires additional purchase of a EVSE cable.
	Home / Office	3.3kW/14A	12 hours	
Wallbox / Public charging point	Home / Office / On the go	3.7kW	11 hours	Leaving the KANGOO to charge overnight on a 3.7kW charger ensures that it will be ready for when you to begin your next day.
	Home / Office / On the go	7kW	6 hours	
Public charging point	On the go	22kW	6 hours	A standard charging time of 6 hours means your vehicle is ready to go when you are.
	On the go	43kW	6 hours	

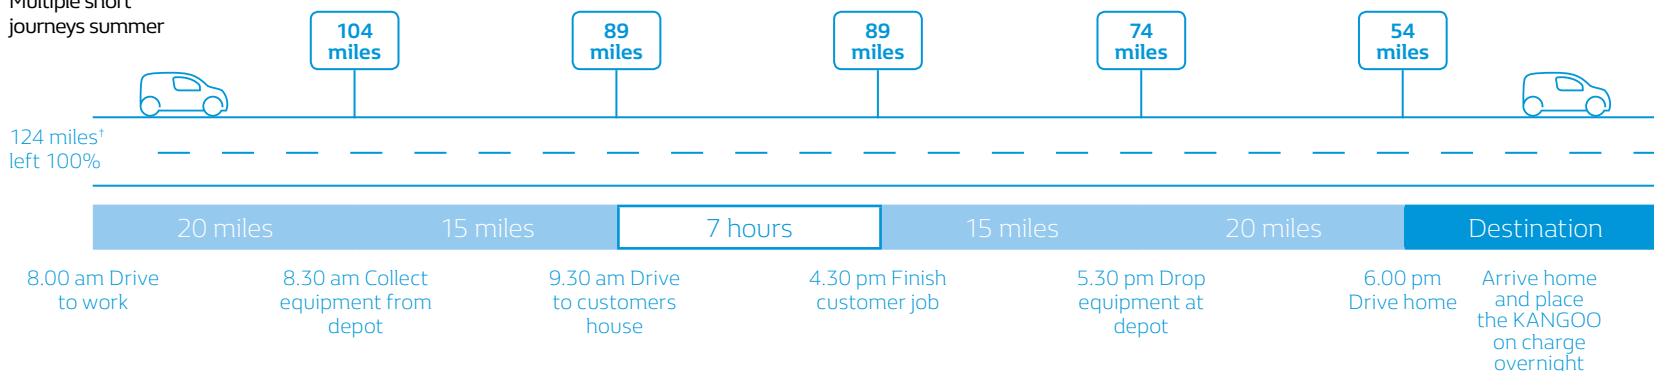

†Less than £5 full recharge cost, calculated by (a) electricity charges (e.on Go Online 1 Year v18) rates for payment via monthly Direct Debit as of Sept 2018) and (b) a full recharge of the 33kWh battery.

Charging Your KANGOO Z.E. 33

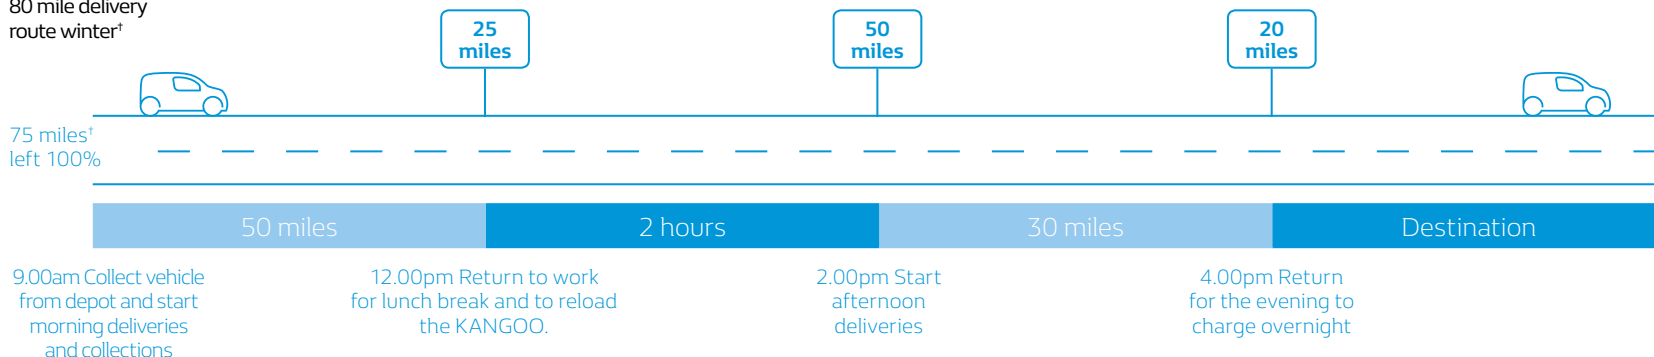

CHARGING AT HOME – couldn't be easier to charge your KANGOO at home*, just park your van, plug it in and go inside.

Multiple short journeys summer

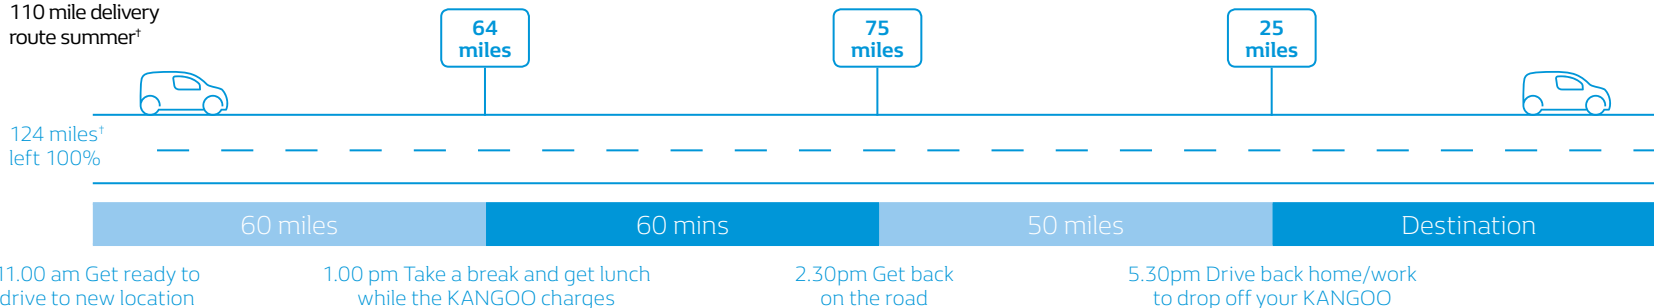

CHARGING AT WORK – there are a number of solutions to suit your business needs.

80 mile delivery route winter[†]

CHARGING ON THE GO – when out and about you can easily locate public charge points through a range of mobile apps or on the Renault website.

110 mile delivery route summer[†]

* Subject to off street parking and wall-box suitability.

[†] WLTP figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. The WLTP electric range shown has been achieved using the new (WLTP) test procedure. Figures obtained after the battery was fully charged. Actual real world driving results may vary depending on factors such as the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load. Renault estimates average real world driving figures for this vehicle as 124 miles in summer and 75 miles in winter, depending on the factors above.

Find the battery plan that's right for you!

Z.E. - Full purchase

To make your KANGOO Z.E. 33 as easy as possible all KANGOO Z.E. 33's now come with the battery included.

No on-going monthly payments, just one simple payment.

Battery guarantee* of 5 years / 60,000 miles, whichever comes first, this includes the battery performance guarantee to at least 70% of its original capacity.

No mileage limit in the battery contract.

Roadside assistance, breakdown only.

Electrifying the Eden Project

eden project

Introducing electric vehicles into your fleet can be a daunting prospect. However, Renault has years of experience in helping businesses make a seamless transition between diesel vehicles and their electric equivalents. We are able to provide you with the products, services and unique expertise to ensure that your switch to electric is as easy as possible. Take for example, the Eden Project's fleet of nine KANGOO Z.E. panel vans and four KANGOO Z.E. Maxi Crew Van Cab vehicles. We caught up with them about their experience with their new fleet:

"The Renault electric vehicle fleet provides a clean and efficient solution to the majority of Eden's day to day vehicle needs and does so in an environmentally sustainable way," says Ian Merchant, Head of Estates at the Eden Project.

Ian was keen to discuss the capabilities of the KANGOO Van Z.E. and just how easy it is to use.

Ease of use

"The Renault electric vehicle fleet is very easy to drive and the KANGOOs have very roomy and easily accessible cargo areas, especially the KANGOO Maxi Z.E. with its foldable crew cab seats. Everyone really enjoys driving the vehicles. The vehicles are responsive, comfortable and are as functional as conventional vehicles."

Ease of charging

"We have had no difficulty in charging the vehicles. On average we charge them every two or three days. We currently have three standard charging points and the KANGOO fleet is generally charged overnight. We have not had any difficulty in charging vehicles at all. Installation of the chargers was simple."

Ease of maintaining

"We have only had to do basic vehicle maintenance i.e. the odd light bulb change etc. These have been no more difficult than normal vehicles."

Standard features

BUSINESS

15" SCRIPT wheels

TANEGA Upholstery

THE BASICS:

- Electrically operated door mirrors
- Electric front windows
- Height adjustable steering wheel
- ABS with EBD (Electronic Brake Force Distribution)
- Alarm
- Height adjustable drivers seat
- Deadlocking
- R.A.I.D (Renault Anti Intruder Device)
- ESC (Electronic Stability Control) with Hill Start Assist and Grip Xtend⁽¹⁾
- Front and rear disc brakes*

MAKING YOUR JOURNEY COMFORTABLE:

- Central storage tray between front seats
- A4 storage in dashboard
- Manual air conditioning with pollen filter (KANGOO and KANGOO Maxi dCi 115 only)

WHAT YOUR VAN LOOKS LIKE:

- 15" SCRIPT wheels
- Dark grey side protection mouldings
- Front and rear dark grey bumpers
- Unglazed 180° asymmetric rear doors
- Unglazed side loading door – left side (KANGOO Van) / left and right side (KANGOO Maxi)

PROTECTING YOU AND YOUR LOAD:

- Anchorage points in load area – 6 on KANGOO and KANGOO Maxi Crew Van / 14 on KANGOO Maxi
- Spare wheel / tyre repair system (Crew Van Z.E.)
- Full steel bulkhead (Not available on KANGOO Crew Vans)

KEEPING YOU CONNECTED:

- 2x15W DAB radio with AUX input, CD, Bluetooth®† and USB connectivity
- Eco mode function
- 12V power socket (front)

GOING ELECTRIC:

- Front Z.E. charging socket
- Pre-heating function**
- Standard charging cable 32A (IEC 629196 - Type 2 Mennekes) 6m
- Z.E. voice
- 15" BRIGANTIN wheels

CREW VAN ADDS:

- Second row of 2 passenger seats
- Interior side panel
- Folding passenger rear seat (1/3 - 2/3)
- Unglazed left and right side loading doors (KANGOO Z.E. Crew Van has glazed side loading doors with opening windows)
- Unglazed left and right side quarter panel
- Unglazed rear doors - 180° asymmetric

CREW VAN CAB ADDS:

- Multipositional bulkhead

* For ML19 ENERGY dCi 80 and dCi 95 versions rear drum brakes are fitted as standard. **Requires R-link. (1) No Grip Xtend on KANGOO Z.E.

† For compatible devices, please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html>

Standard features

BUSINESS+ (additional equipment to Business)

15" BRIGANTIN wheels

Z2	Loading length at floor / with option folding passenger seat	1,731 / 2,502

[^]Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass, Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and reduced Payload, and may increase CO₂ and decrease MPG figures.

*Official fuel consumption figures are produced for comparability purposes; only compare figures with vehicles tested to the same technical procedures. Actual real-world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP is a new test used for fuel consumption and CO₂ figures, however the CO₂ and fuel consumption figures are based on the outgoing NEDC test cycle which have been back-translated from WLTP to NEDC. ^Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, could result in a higher Kerb Mass and a reduced Payload, and may increase CO₂ and decrease MPG figures.

Accessories

Roof Rack

Version available for each size of van, carries up to 80kg and has an easy to use design – side bars for tying down and no front cross bar.

Standard Roof Bars

Steel bars finished in black PVC, carries up to 80kg load and designed specifically for and by Renault.

Rear Window Protection Grilles

Protects the vehicle from break-ins through the rear windows / doors whilst allowing visibility.

Towbar

Thanks to further testing, Renault have made sure that your vehicle won't be damaged, even with intensive commercial towbar use. Renault also take the most demanding climatic conditions into account by applying an anti-corrosion surface treatment.

Ply Lining

Protect the interior of your new KANGOO with our hardwearing, bespoke Ply Lining. The price includes fitment by Renault.

Rear Body Coloured Parking Sensors

Allows you to park with confidence. Not compatible with factory fit rear parking sensors.

For prices, please refer to the Renault Van Price Guide available at your local dealer and on www.renault.co.uk

Renault Pro+, the specialist brand

You're the expert in your field and at Renault Pro+ we're here to guide you through ours. We're passionate about delivering products and services to move your business forward. So when you choose to partner with Renault Pro+ you can expect:

Specialist network

Renault Pro+ Centres have a dedicated commercial vehicle specialist. So whatever you're seeking advice on, there's always someone to help.

Business Commitment

Come rain or shine, we have a set of commitments in place to help maximise uptime and minimise downtime.

The future today - 100% electric

Renault Pro+ has been building, selling and maintaining electric vans since 2011. So when you're looking to make the switch, you know who to speak to.

A tailored approach

Your vehicles are as unique as your business. That's why we have a programme of conversions to deliver exactly the product you want. From 'off the shelf' conversions to a more bespoke approach. We'll guide you through.

Renault Services

3 Years Warranty

Your vehicle is covered by a warranty package for up to 3 years from date of first registration (unlimited mileage during the first 24 months, followed by a further 1 year limited to a total mileage of 100,000). Your Renault Dealer or Renault Z.E. Dealer is able to repair or replace without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for 3 years and the anti-corrosion warranty for 12 years. For Warranty Terms and Conditions please visit www.renault.co.uk/warranty.

3 Years Renault Assistance

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault Dealer or Renault ZE Dealer. This service is available 24 hours a day and is provided for 36 months from the date of first registration (or the duration of the battery lease for KANGOO Z.E. if greater than 36 months) unlimited mileage for first 24 months, then limited to a total of 100,000 miles or 3 years, whichever comes first. Assistance is provided within the UK & Northern Ireland only at roadside, home and includes national recovery and onward travel. Assistance applies to mechanical or electrical defects which are covered by warranty.

For Renault Assistance and Renault Z.E. Assistance Terms and Conditions please visit www.renault.co.uk/assistance.

Service Intervals

KANGOO Diesel Service: 2 years / 18,000 miles
KANGOO Z.E. Service: Year 1 / 12,500 miles, Year 2 / 25,000 miles and then every 2 years / 25,000 miles thereafter

Renault Network Services

No-one is better placed than Renault to maintain, fit and repair your Renault, fast. The Renault Minute (maintenance and repair with no appointment necessary) and Renault Rapide Bodycare (bumper scuffs, dings and dents, windscreen, stone chips and interior repairs...) services deliver the highest level of repair and maintenance and offer a full year's guarantee on Original Renault Parts. And don't forget to have a look at our wide range of additional equipment and accessories!

Renault iCare

Renault iCare is an innovative Service, Maintenance & Repair product that supplies Business customers with a fully supported, managed hassle free service and maintenance package.

Renault iCare is a "Pay-As-You-Go" product that insures your vehicle is maintained by Renault technical experts when work is required.

iCare provides the following benefits:

- Full Service, Maintenance & Repair cover in the Renault Dealer Network
 - Tyres can be included within the contract at an additional fixed cost
 - Ancillary equipment can also be included (at an additional fixed monthly cost)
 - Excludes: Damage/Neglect/Abuse/Glass & Bulbs
- A fixed, pre agreed pence per mile rate
- No excess mileage charges at the end of the contract
- No pooled mileage administration
- Minimalise downtime

For more information and to obtain a quote based on your requirements, please speak to your local Renault Business dealer or visit www.renault.co.uk/icare

Customer Relations

Renault knows the value of communicating with its customers and we have established effective ways to keep in touch with you. If, after speaking to your local Renault dealership, you are not completely satisfied, please contact the Renault UK Customer Relations Department on 0344 3350000* (Mon-Fri 9.00am to 5.30pm, except Weds 10.00am to 5.30pm. Closed on Bank Holidays). You can also visit our website www.renault.co.uk or write to us at: Renault UK Ltd, The Rivers Office Park, Denham Way, Maple Cross, Rickmansworth, Hertfordshire, WD3 9YS.

Finance options*

There are a wide variety of ways in which the purchase of a new vehicle can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

Continue the Renault KANGOO experience
at **www.renault.co.uk/vans**

Although every effort has been made to ensure that the information contained within this brochure is as accurate and up to date as possible, Renault U.K. reserves the right to modify its models without notice, including their characteristics, specifications, equipment and accessories. Brochures inevitably become out of date or inaccurate in some respects, in that such characteristics, specifications equipment, or accessories may be changed after the publication date given below and can differ from the descriptions given or the photos displayed. It is therefore necessary to check with your Renault Dealer before purchasing any product that the characteristics, specifications, equipment or accessories of the vehicle on order are as advertised. The colours that appear in this document may differ slightly from the actual paint and upholstery colours.
