Fiesta Sport Van with Race Red body colour (option) and 18" Rock Metallic machined alloy wheels (option).

Fiesta Sport Van with Moondust Silver metallic body colour (option) and 18" Rock Metallic machined alloy wheels (option).

Love what you do

Who said work couldn't be fun? The all-new Ford Fiesta Sport Van delivers just the right balance of eye-catching good looks and smart, practical design that's perfect for you and your business. A generous rear load space with four tie-down points, helps you to transport cargo securely. And delivered with all the signature driving dynamics of a Ford Fiesta, Fiesta Sport Van makes work fun.

Ample load space

Ford Fiesta Sport Van offers a generous 0.96 cubic metres of rear load space. Four usefully placed tie-down points, plus a full load floor rubber mat, means you can transport items safely and securely without worrying about them moving around as you drive.

Electronic Automatic Air Temperature Control (EATC)

Electronic Automatic Air Temperature Control (EATC) maintains the temperature you select for your heated or air-conditioned comfort (option).

Fiesta Sport Van with Chrome Blue metallic body colour (option) and 18" Rock Metallic machined alloy wheels (option).

Work made easy

Who said work needed to be tough? The Ford Fiesta Sport Van now delivers a wider range of intelligent driver assistance features than ever before, including Ford SYNC 3 with satellite navigation (option),FordPass Connect on-board modem (standard), Adaptive Cruise Control with Forward Alert (option), and Ford Lane-Keeping System (standard) – all making your business trips easier. The FordPass Pro smartphone app lets you access a range of additional services to help keep up to five connected Ford vehicles healthy, secure and running smoothly. While the stylish Ford Fiesta Sport Van interior offers all the comfort of a premium passenger vehicle.

Subscriptions charges may apply to FordPass Connect and FordPass Pro, see below for more details.

Ford SYNC 3

SYNC 3 integrates seamlessly with your compatible smartphone, letting you control everything from phone calls and text messaging to music and satellite navigation – all via the touchscreen or through simple voice commands. In conjunction with the FordPass Connect modem, Live Traffic* sends regular traffic information straight to your SYNC 3 Navigation system, while Local Hazard information* warns you of upcoming hazards before they are encountered.

FordPass Pro*

FordPass Pro is a dedicated new app to help small business customers and owner operators keep their vehicles safe, secure and running efficiently. Features include remote locking/unlocking, vehicle health check that allows remote monitoring of fluid levels and tyre pressures, the ability to view the locations of up to five connected Ford vehicles, and Guard Mode that is designed to alert you when someone tries to access your vehicle with an unauthorised key.**

Please note: Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher, Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your market, please check official Apple CarPlay and Android Auto websites for the latest information. Map updates are complimentary for a limited time following vehicle registration.

*Live Traffic and Local Hazard Information access is complimentary for the first 12 months following the registration of a new vehicle featuring SYNC 3 with navigation; thereafter a licence fee is payable.

**FordPass Pro: we're offering Ford business customers the chance to experience FordPass Pro as a free trial. In the future, we may charge you subscription fees for new and existing FordPass Pro features. FordPass Pro is designed for business customers with up to 5 Ford vehicles (that have FordPass Connect subscriptions

Intelligent technologies

Ford Power starter button

Start the engine at the press of a button. Just keep the key fob with you in your pocket or bag (standard).

Driver Alert

Designed to inform you if the system detects driving behaviour that indicates a drop in alertness levels. Initially, a warning icon is displayed in the instrument cluster, asking you to take a rest. If driving alertness further declines, the message is repeated and combined with a chime (option).

Pre-Collision Assist[Ø2] with Pedestrian Detection

Uses radar and camera technology to scan the road ahead. If a collision risk with a vehicle or pedestrian is detected, it can provide you with a warning. If you don't respond in time, the system is designed to apply braking force to help reduce the impact of some frontal collisions (option).

[Ø]Uses sensors.
[2]Driver assistance feature.

Auto high beam

A useful night-driving aid, auto high beam temporarily dips your headlights when it detects oncoming traffic or a vehicle ahead, helping to avoid dazzling other drivers. It then automatically reverts back to high beam, giving you maximum visibility (option).

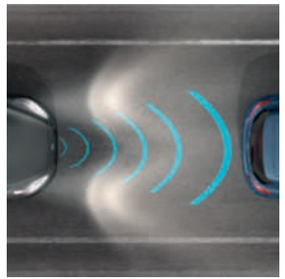

Traffic Sign Recognition

Whether the signs are at the side of the road or above it, permanent or temporary, Traffic Sign Recognition is designed to identify them. An icon of that speed or a no-overtaking sign appears on the instrument cluster and changes every time you enter a new limit (option).

Ford Lane-Keeping System

Uses a forward-looking camera to detect if you're unintentionally drifting out of lane. Lane Keeping Aid can provide steering torque assistance to help guide you back into the right lane. If you're slow to react or don't respond, Lane Keeping Alert is designed to warn you by vibrating the steering wheel and displaying a visual warning. The technology will automatically deactivate at speeds below 43 mph (65 km/h) or can be turned off manually (standard).

Adaptive Cruise Control with Forward Alert

With Adaptive Cruise Control technology, you choose the speed you want to drive at and the system will maintain it. If the built-in RADAR sensor detects a vehicle ahead, it is designed to slow your vehicle to maintain a pre-set distance. Once the road in front is clear, the system can accelerate to your chosen speed (option).

Blind Spot Information System

Blind Spot Information System is designed to alert you via discreet warning lights in both door mirrors, when another vehicle – car, van or lorry – enters your blind spot. Similarly, Cross Traffic Alert can warn you if a moving hazard is detected while you reverse from a perpendicular parking space (option).

Fiesta Sport Van

Standard exterior features

- 17" 7-spoke alloy wheels in Rock Metallic finish
- Sport style body kit including sport style rear bumpers and side skirts, unique sports style fog lights and chrome exhaust
- Small body coloured rear spoiler
- LED projector headlights with daytime running lights
- Quickclear heated windscreen
- Sports-tuned suspension
- Unique upper grille
- Automatic headlights
- Electrically-operated and heated door mirrors with body colour housings

Standard interior features

- Steel bulkhead with upper half mesh
- Loadspace tie-down loops
- Sport style front seats with adjustable lumbar support
- Manual air conditioning
- Ford Power starter button
- Thatcham Category 1 perimeter and volume sensing alarm
- Lane-Keeping System (including Lane-Keeping Alert and Lane Keeping Aid)
- Radio/DAB including 8" touchscreen, four speakers, plus Bluetooth® and USB connectivity
- Adjustable Speed Limiter
- Stainless steel sport pedals
- "Sensico" sports style steering wheel with red stitching

Engines

Accessories

Detachable tow bar

Providing extra transport and stowage capability. Tow bar can be detached when not in use. The tow bar can tow up to 1100 kg depending on engine (check with your Ford Dealer for further details). (Accessory)

Rear bumper protection plate

Stainless steel bumper protection plate helps to protect against wear and tear when loading while adding a stylish look to your vehicle. (Accessory)

Alloy wheels

A wide selection of styles and sizes are available from 16" to 18". (Option and Accessory)

ClimAir®+ wind deflectors

Gives you a more comfortable drive with the front windows open, even during light rain. (Accessory)

Rubber floor mats

Tray style all-weather floor mats with the Fiesta nameplate are tailor-made to fit and help to protect against dirt and damp. The driver's mat is securely fixed directly onto the vehicle's floor to help prevent it from slipping. (Accessory)

Novetud+ load compartment cover

Easy to install and remove, the load compartment cover helps to protect your belongings from prying eyes. (Accessory)

Locking wheel nuts

Locking wheel nuts help to secure your alloy wheels and protect them from theft. Only removable with the special tool included in the kit. (Accessory)

Xvision+ parking distance sensors

Make difficult manoeuvres easy with Xvision parking distance sensors. An audible warning helps you to judge parking distances. (Accessory)

ACV+ Qi Wireless Charging Kit

Quicker, easier and neater than wired charging, a wireless charging kit allows you to recharge a range of devices whilst you are on the move. There's no need to plug and unplug each time - simply place the device on top of the wireless charging pad. (Accessory)

ACV+ Qi charging case

Add Qi wireless charging functionality to your Apple iPhone® handset with a ACV+ Qi charging case. A choice of colours and application are available to suit your Apple iPhone®. (Accessory)

Rati+ Armrest

An innovative armrest with practical storage space. The armrest is height/angle adjustable with a built-in storage area inside and soft close lid. (Accessory)

For more Fiesta Van accessories please visit the Ford online shop at www.ford-accessories.co.uk
For a range of Ford branded merchandise items such as clothing and lifestyle products – visit www.fordlifestylecollection.com
+Item covered by third party supplier's warranty, please see back cover for details.
Fitment of accessories may have an impact on your vehicle's fuel consumption.
Items ordered as an option will be fitted in the factory. If ordered as an accessory items will be fitted at the dealership.

FORD **BUSINESS SERVICE**

Efficiency, accuracy and convenience are at the heart of the Ford Transit24 commercial vehicle service promise. Therefore, whether it is servicing, maintenance or repair you need, be sure to come and see us.

- Available from all Transit Centres and Transit Service dealers
- While-you-wait servicing by prior appointment
- Late night servicing available at least once per week
- Priority treatment for urgent repairs
- Vehicle off the road repairs (VOR)*
- Collection and delivery**
- Testing and MOTs
- Transparent pricing
- Genuine Ford parts quality
- Ford-trained technicians
- Interim checks for optimum vehicle performance
- Service Activated Roadside Assistance†
- Ford Protect packages to suit you
- One Call to access all the Ford services you need

For more information and to find your nearest participating Ford Commercial Vehicle Dealer, visit the aftersales support section at **www.ford.co.uk/transit24**

Commercial Vehicle Finance

When it comes to financing your Ford Commercial Vehicle, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit◇: Provides a range of finance plans for Commercial Vehicle customers interested in owning their vehicle.

Ford Lease◇: Specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business.

FORD **PROTECT**
Classic Extended Warranty

Extend your warranty up to 5 years / 100,000 miles (from date of registration), with Ford Protect.

Extend your standard 3-year warranty and enjoy worry-free motoring for many years to come. Ford Protect provides a range of key benefits including:

- Extended duration and mileage
- Cover against unexpected repair costs
- Protection on trips abroad
- With a Ford Protect Plan, the price of parts and labour are guaranteed for the length of your plan
- Helps prolong the lifespan of your Ford vehicle

Helps protect your vehicle resale value

Ford Protect terms and conditions apply for further information please call 03702 416 726.

*Repairs will start on the same working day (as long as you bring your vehicle in before 3pm), or at least within 24 hours of its arrival. If we need to order parts, we'll begin work the day they're delivered. 'Vehicle off road' repairs should be completed within 24-hours.

**Your Transit Centre can arrange to collect your vehicle and deliver it back to you after service or repairs, so you can get on with running your business. By arrangement and limited to a specific mileage radius of the dealer. Contact your local dealer to discuss your requirements.

†Available at participating Dealers only. Roadside Assistance is activated automatically at every routine service with coverage extended valid from the date of service for 12 months, or until the next service is due, whichever comes first. See Ford.co.uk/roadsideassistance for more information.

◇Ford Credit: Finance subject to status. Guarantees may be required. Freepost Ford Credit.

Ford Credit is a trading style of FCE Bank plc. which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and Prudential Regulation Authority under firm reference number 204469.

†Ford Lease: Ford Lease is provided by ALD Automotive Ltd, trading as Ford Lease, Oakwood Drive, Emersons Green, Bristol, BS16 7LB. ALD Automotive is registered in England No. 987418. For the purposes of the Data Protection Act 1998 the data controllers in relation to any information you supply are Ford Motor Company Limited, FCE Bank Plc and ALD Automotive. Finance subject to status. Guarantees and indemnities may be required. ALD Automotive is authorised and regulated by the Financial Conduct Authority.

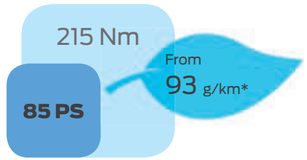

Efficiency

Petrol or diesel? We've made both options equally tempting.

The new Fiesta Sport Van looks out for you and your budget. Driven by our remarkable TDCi diesels, or our latest generation of EcoBoost petrol engines, it's impressively frugal whether nipping around town or on the open road. Our multiple award-winning 1.0L Ford EcoBoost petrol engine, for example, comfortably meets the latest Euro Stage 6.2 emissions regulations, with CO_2 emission test figures from 99 g/km*.

Key fuel-saving technologies include:

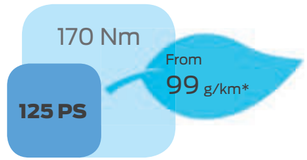

- Auto Start-Stop system
- Ford Smart Regenerative Charging
- Gearshift Indicator light – to aid economical driving

Efficient

1.5L Duratorq TDCi (85 PS)

Fiesta Van's 85 PS diesel engine combines fuel efficiency (from 80.7mpg combined*) with excellent driveability and refinement. Its state-of-the-art design helps to keep running costs down without compromising on performance.

Powerful

1.0L Ford EcoBoost (125 PS)

The multi-award winning 1.0L Ford EcoBoost 125 PS petrol engine strikes a performance balance, delivering impressive power and torque without compromising efficiency.

Note Some of the features listed above are options, at extra cost and may not be available on all models. Please refer to the specification tables, or speak to your Ford Dealer for further information.
*NEDC Calculated Drive Cycle test figures.

Fuel and performance

Reality check. Making fuel economy figures more realistic.

From 1 September 2017, certain new vehicles will be type-approved using the Worldwide Harmonised Light Vehicle Test Procedure (WLTP), according to (EU) 2017/1151 as last amended, which is a new, more realistic test procedure for measuring fuel consumption and CO_2 emissions. From 1 September 2018 the WLTP will fully replace the New European Drive Cycle (NEDC), which is the current test procedure. During NEDC Phase-out, WLTP fuel consumption and CO_2 emissions are being correlated back to NEDC. There will be some variance to the previous fuel economy and emissions as some elements of the tests have altered i.e., same car might have different reported fuel consumption and CO_2 emissions.

To learn more about the new testing procedures, please visit www.ford.co.uk/owner/resources-and-support/fuel-economy

				Fuel consumption in MPG (L/100 km)[000]		
Fiesta Sport Van	Transmission	Axle ratio[00]	CO_2 emissions (g/km)[000]	Urban	Extra Urban	Combined
Petrol						
1.0 Ford EcoBoost 125 PS (91 kW) with 17" Alloy Wheels	6-speed manual	3.94	99	54.3(5.2)	74.3 (3.8)	64.2 (4.4)
1.0 Ford EcoBoost 125 PS (91 kW) with 18" Alloy Wheels	6-speed manual	3.94	102	53.3 (5.3)	70.6 (4.0)	62.8 (4.5)
Diesel						
1.5 Duratorq TDCi 85 PS (63 kW) with 17" Alloy Wheels	6-speed manual	3.37	93	74.3 (3.8)	83.1 (3.8)	80.7 (3.5)
1.5 Duratorq TDCi 85 PS (63 kW) with 18" Alloy Wheels	6-speed manual	3.37	94	72.4 (3.9)	83.1 (3.4)	78.5 (3.6)

Note for all Stage VI engines: Values shown illustrate vehicles fitted with Auto Start-Stop. Auto Start-Stop system reduces CO_2 emissions and fuel consumption by 6 g/km and between 0.2–0.3 L/100 km respectively. [00]The illustrated axle ratio shown is the one available dependent upon model, GVM payload and engine/transmission combination. [000]The declared fuel/energy consumptions and CO_2 emissions for Stage 6c (N1) and Stage 6d-TEMP (M1) engines are measured according to the technical requirements and specifications of European regulations (EC) 715/2007, (EC) 692/2008 and (EU) 2017/1151, as last amended. Fuel consumption and CO_2 emissions may be specified for a vehicle variant and not for a single vehicle. The applied standard test procedure enables a comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a vehicle; driving behaviour as well as other non-technical factors are very important in determining a vehicle's fuel/energy consumption and CO_2 emissions. A guide on fuel economy and CO_2 emissions which contains data for all new passenger carrying vehicle models is available at any point of sale free of charge or can be downloaded at ford.co.uk

Get the most from your new Ford

We want to help you get the most from your new Ford. And to do that, you need to know how much it is designed to safely carry, both in terms of payload and load volume. Your Ford Dealer can provide professional advice on important specification aspects, and help to find the right van for your budget and business needs.

The Ford Fiesta Van is designed to carry cargo – and lots of it.

Choosing a new van is an important decision with lots of factors to be considered. While some aspects, like selecting the most appropriate derivative, identifying the intended primary use and determining load box size are relatively simple, others, such as calculating payload are more complex.

Payload capacity

To calculate payload, you need to know two things: the vehicle's gross vehicle mass (GVM) and its kerb mass.

GVM is the maximum permissible weight of the vehicle when loaded and ready to go – that includes the weight of the vehicle itself, ancillaries, driver and crew (assuming the industry standard weight of 75 kg/person), fluids, fuel tank 90% full (1 litre of diesel = approximately 0.85 kg), optional and aftermarket equipment, and cargo.

Kerb mass is the weight of a standard-specification base series vehicle, including fluids and fuel tank 90% full, but without the driver, crew or cargo. If you intend to load the vehicle close to its maximum capacity, it is recommended that you add a margin for error of 5% of the kerb mass to the kerb mass figure before calculating payload, to reduce the risk of overloading.

Payload is the difference between the two.

Gross vehicle mass minus **kerb mass** = **payload**

So to help you choose the right vehicle for your needs, here are some more detailed explanations about the factors that can influence a vehicle's payload. These include, but are not limited to:

Driver and crew

We calculate the weight of the driver based on the industry-standard weight of 75 kg. Remember that the driver and crew are not included in the kerb mass figure, so when a driver or crew boards the vehicle, its available payload will be reduced accordingly.

Factory-fitted options

Most factory-fitted options will affect a vehicle's payload. For example, air conditioning can add approximately 10 kg to a vehicle's weight, and therefore reduce its payload accordingly.

Your Ford Dealer will be able to tell you what features can add or reduce your vehicle's kerb mass and by how much.

Series

All kerb masses quoted in this brochure are for standard-specification series models. Higher series models will generally weigh more due to the increased level of features and equipment.

Manufacturing tolerances

Variations in manufacturing and production processes mean that no two vehicles are likely to weigh exactly the same.

Accessories and aftermarket conversions

It is important to think carefully about what to do with your vehicle after you take delivery. Any accessories fitted or aftermarket conversions to the vehicle may adversely affect its payload. Please speak to your Ford Dealer for more information and advice.

If payload is critical to your business, or if you plan to carry cargo at, or close to, the vehicle's maximum capacity, your Ford Dealer can help. Using their specialist expertise and knowledge, they can advise you on the exact specification of vehicle required to meet your individual business needs.

Configure your van to suit your job

Ford vehicles are available with a wide range of standard and optional features. Your Ford Dealer can help you ensure that you specify the right vehicle features for your specific business needs, including technical items to aid aftermarket fitment of specialist equipment or conversion.

Note Technical information for vehicle converters can be found online via the Body and Equipment Mounting Manual at www.etis.ford.com ; go to >information >>vehicle conversions.

Weights and loads

	Max. Gross payload (excluding driver/ passengers) (kg)	Gross vehicle mass (kg)	Min. Kerb mass (excluding driver/ passengers) (kg)	Gross train mass (kg)	Max. Towable mass braked (unbraked) (kg)
Sport Van					
1.0 Ford EcoBoost 125 PS (91 kW)	515	1620	1105	2720	1100 (590)
1.5 Duratorq TDCi 85 PS (63 kW)	524	1655	1131	2405	750 (600)

All figures quoted are preliminary and are a range from/to dependent on options selected. Kerb mass is affected by many factors such as bodystyles, engines and options. It is the weight of a standard-specification base series vehicle (different series will have different kerb masses), including fluids and fuel tank 90% full, but without the driver (75 kg), crew or cargo. Payload within this guide is the difference between gross vehicle mass (GVM) and kerb mass with a further 75 kg deduction for the weight of the driver. It must be noted that actual weight will always be subject to manufacturing tolerances which may result in payload variations between this guide and actual weight. For customers intending to load vehicle close to maximum payload, **we suggest you also add a margin for error of 5% of kerb mass to the kerb mass figure before calculation, to reduce risk of overloading.** NB: It is the responsibility of the vehicle operator to ensure their vehicles are legally compliant for road use.

Live Traffic access is free for the first 2 years following the purchase of a new Ford featuring SYNC 3 with navigation; thereafter there is an annual licence fee.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and recommended prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. **+** The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
