Fiesta Sport Van with Race Red body colour (option) and 18" Rock Metallic / machined alloy wheels (option).

Fiesta Sport Van with Moondust Silver metallic body colour (option) and 18" Rock Metallic machined alloy wheels (option).

Love what you do

Who said work couldn't be fun? The all-new Ford Fiesta Van delivers just the right balance of eye-catching good looks and smart, practical design that's perfect for you and your business. A generous rear load space with four tie-down points, allows you to transport cargo securely. And delivered with all the signature driving dynamics of a Ford Fiesta, Fiesta Van makes work fun.

Ample loadspace

Ford Fiesta Van offers a generous 0.96 cubic metres of rear load space. Four usefully placed tie-down points, plus a full load floor rubber mat, means you can transport items safely and securely without worrying about them moving around as you drive.

Fiesta Van EcoBoost Hybrid

Featuring 48-volt electrified powertrain technology, the new Fiesta Van EcoBoost Hybrid delivers petrol performance and optimised fuel efficiency** without reducing load volume or payload. (Optional)

Fiesta Sport Van with Chrome Blue metallic body colour (option) and 18" Rock Metallic alloy wheels (option).

*Cargo and load capacity limited by weight and distribution.
**Please refer to the specifications section for fuel efficiency and performance information.

Work made easy

Who said work needed to be tough? The Ford Fiesta Van now delivers a wider range of intelligent driver assistance features than ever before, including Ford SYNC 3 with satellite navigation***, Adaptive Cruise Control with Forward Alert***, and Ford Lane-Keeping System*** – all making your business trips easier. The new FordPass smartphone app lets you access a range of additional services, including Live Traffic updates. While the stylish Ford Fiesta Van interior offers all the comfort of a premium passenger vehicle.

Ford SYNC 3

SYNC 3 integrates seamlessly with your smartphone, letting you control everything from phone calls and text messaging to music and satellite navigation*** – all via the touchscreen or through simple voice commands. While downloading the new FordPass App lets you control a host of new features from your smartphone such as searching available parking spaces, checking costs, opening hours; and with the FordPass Connect option, remote locking and unlocking is possible.

⁰Uses sensors. ²Driver Assistance feature. **Note** Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

¹Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.

Please note: Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your market, please check official Apple CarPlay and Android Auto websites for the latest information. Map updates are complimentary for a limited time following vehicle registration.

*Live Traffic and Local Hazard Information access is complimentary for the first 12 months following the registration of a new vehicle featuring SYNC 3 with navigation; thereafter a licence fee is payable.

**FordPass Pro is a free app, compatible with select smartphone platforms and is available via download. Future features may be chargeable and message and data rates may apply.

***Some of these features may be optional extras with additional cost - please check the standard specification of your selected model.

FordPass Pro

FordPass Pro is a dedicated new app to help small business customers and owner operators keep their vehicles safe, secure and running efficiently. Features include remote locking/unlocking, vehicle health check that allows remote monitoring of fluid levels and tyre pressures, the ability to view the locations of up to five connected Ford vehicles, and Guard Mode that alerts you when someone tries to access your vehicle with a key.**

Intelligent technologies

Electronic Automatic Temperature Control

Electronic Automatic Temperature Control (EATC) maintains the precise temperature you select for your heated or air conditioned comfort. (Option)

Driver Alert⁰²⁾

Designed to inform you if the system detects driving behaviour that indicates a drop in alertness levels. Initially, a warning icon is displayed in the instrument cluster, asking you to take a rest. If driving alertness further declines, the message is repeated and combined with a chime.

⁰²⁾Uses sensors. ²⁾Driver Assistance feature.

Note Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

Pre-Collision Assist with Pedestrian Detection⁰²⁾

Uses radar and camera technology to scan the road ahead. If a collision risk with a vehicle or pedestrian is detected, it'll then provide you with a warning. If you don't respond in time, the system can automatically apply up to full braking force to help reduce the severity of, or even eliminate, some frontal collisions. (Option)

⁰²⁾Uses sensors. ²⁾Driver Assistance feature.

Note Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. Pre-Collision Assist with Automatic Emergency Braking can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations.

Auto high beam⁰²⁾

A useful night-driving aid, auto high beam temporarily dips your headlights when it detects oncoming traffic or a vehicle ahead, stopping you dazzling other drivers. It then automatically reverts back to high beam, giving you maximum visibility. (Option)

⁰²⁾Uses sensors. ²⁾Driver Assistance feature.

Note Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

Traffic Sign Recognition⁰²⁾

Whether the signs are at the side of the road or above it, permanent or temporary, Traffic Sign Recognition can identify them. An icon of that speed or a no-overtaking sign appears on the instrument cluster and changes every time you enter a new limit. (Option)

⁰²⁾Uses sensors. ²⁾Driver Assistance feature.

Note Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

Lane-Keeping System⁰²⁾

Uses a forward-looking camera to detect if you're unintentionally drifting out of lane. Lane Keeping Aid can provide steering torque assistance to help guide you back into the right lane. If you're slow to react or don't respond, Lane Keeping Alert warns you by vibrating the steering wheel and displaying a visual warning. The technology will automatically deactivate at speeds below 65 km/h or can be turned off manually. (Standard on Sport)

⁰²⁾Uses sensors. ²⁾Driver Assistance feature.

Note Lane-Keeping System does not control steering. Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

Adaptive Cruise Control with Forward Alert⁰²⁾

With Adaptive Cruise Control technology, you choose the speed you want to drive at and the system will maintain it. If the built-in RADAR sensor detects a vehicle ahead, it will slow your vehicle to maintain a pre-set distance. Once the road in front is clear, the system will accelerate to your chosen speed. (Option)

⁰²⁾Uses sensors. ²⁾Driver Assistance feature.

Note Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

Blind Spot Information System⁰²⁾

Blind Spot Information System alerts you via discreet warning lights in both door mirrors, when another vehicle - car, van or lorry - enters your blind spot. Similarly, Cross Traffic Alert warns you if a moving hazard is detected while you reverse from a perpendicular parking space. (Option)

⁰²⁾Uses sensors. ²⁾Driver Assistance feature.

Note Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

Fiesta Sport Van

Key exterior features, standard on Sport

- 17" 5x2-spoke alloy wheels in Rock metallic finish
- LED projector headlights with LED daytime running lights
- Sport-style front fog lights
- Quickclear heated windscreen
- Sports-tuned suspension
- Unique upper grille, bumpers and side skirts
- Single chrome exhaust
- Body colour rocker panels

Key interior features, standard on Sport

- Sport-style front seats, with adjustable lumbar support
- Manual air conditioning
- Ford Power starter button
- Thatcham Category 1 perimeter and volume sensing alarm
- Lane-Keeping System (including Lane-Keeping Alert and Lane-Keeping Aid)
- Ford SYNC with DAB, Voice Control and 8" TFT touchscreen display, GPS, Bluetooth® and USB connectivity, and four speakers
- Steel bulkhead with upper half mesh
- Adjustable Speed Limiter
- Stainless steel sports pedals
- Leather-trimmed sports-style steering wheel with red stitching

Engines

Petrol

1.0L Ford EcoBoost 125 PS (92 kW)

1.0L Ford EcoBoost Hybrid 125 PS (92 kW)

18" Rock Metallic machined alloy wheels. (Option)

Steering wheel with perforations and red stitching. (Standard)

Model shown is a Fiesta Sport Van in Race Red solid body colour (option).

Accessories

Tow bar, fixed or detachable

Providing extra transport and stowage capability. Both a fixed and detachable tow bar are available. The tow bar can tow up to 1100 kg* depending on engine (check with your Ford Dealer for further details). (Accessory)

Rear bumper protection plate

Stainless steel bumper protection plate helps to protect against wear and tear when loading while adding a stylish look to your vehicle. (Accessory)

Alloy Wheels

A wide selection of styles and sizes are available from 16" to 18". (Option and Accessory)

ClimAir®+ wind deflectors

Gives you a more comfortable drive with the front windows open, even during light rain. (Accessory)

Rubber floor mats

Tray style rubberised all-weather floor mats with the Fiesta nameplate are tailor-made to fit and help to protect against dirt and damp. The driver's mat is securely fixed directly onto the vehicle's floor to help prevent it from slipping. (Accessory)

Novetud+ soft tonneau cover

Easy to install and remove, the load compartment cover helps to protect your belongings from prying eyes. (Accessory)

Locking wheel nuts

Locking wheel nuts help to secure your alloy wheels and help to protect them from theft. Only removable with the special tool included in the kit. (Accessories)

Mud flaps

Contoured mud flaps help to protect the bodywork of your Ford Fiesta Van from stone chips and road spray. Available for front and rear. (Option and accessory)

ACV+ Qi Wireless Charging Kit

Quicker, easier and neater than wired charging, a wireless charging kit allows you to recharge a range of devices whilst you are on the move. There's no need to plug and unplug each time - simply place the device on top of the wireless charging pad. (Accessory)

For use in conjunction with **ACV+ Qi charging case** for Apple iPhone® with integrated wireless charging function. Available for a range of iPhone® models and in a choice of colours to suit your phone. (Accessory)

Rati+ Armrest

An innovative armrest with practical storage space. The portable pocket feature allows you to safely store personal items, then clip it to your belt to take them with you. (Accessory)

*Towing and load capacity depends on engine and vehicle series, please refer to vehicle weight and load specifications.
♣Item covered by third party supplier's warranty, please see back cover for details.
For more accessories please visit the Online Accessory Catalogue at www.ford-accessories.co.uk
For a range of Ford branded merchandise – from clothing to lifestyle products – visit www.fordlifestylecollection.com
Items ordered as an option will be fitted in the factory. If ordered as an accessory items will be fitted at the dealership.

Our business is to keep your business moving.

FORD BUSINESS SERVICE

Efficiency, accuracy and convenience are at the heart of the Ford Transit24 commercial vehicle service promise. Therefore, whether it is servicing, maintenance or repair you need, be sure to come and see us.

- Available from all Transit Centres and Transit Service dealers
- While-you-wait servicing by prior appointment
- Late night servicing available at least once per week
- Priority treatment for urgent repairs
- Vehicle off the road repairs (VOR)*
- Collection and delivery**
- Testing and MOTs
- Transparent pricing
- Genuine Ford parts quality
- Ford-trained technicians
- Interim checks for optimum vehicle performance
- Service Activated Roadside Assistance†
- Ford Protect packages to suit you
- One Call to access all the Ford services you need

For more information and to find your nearest participating Ford Commercial Vehicle Dealer, visit the aftersales support section at www.ford.co.uk/transit24

Commercial Vehicle Finance

When it comes to financing your Ford Commercial Vehicle, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit®: Provides a range of finance plans for Commercial Vehicle customers interested in owning their vehicle.

Ford Lease°: Specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business.

FORD PROTECT

Classic Extended Warranty

Extend your warranty up to 5 years / 100,000 miles (from date of registration), with Ford Protect.

Extend your standard 3-year warranty and enjoy worry-free motoring for many years to come. Ford Protect provides a range of key benefits including:

- Extended duration and mileage
- Cover against unexpected repair costs
- Protection on trips abroad
- With a Ford Protect Plan, the price of parts and labour are guaranteed for the length of your plan
- Helps prolong the lifespan of your Ford vehicle

Helps protect your vehicle resale value

Ford Protect terms and conditions apply for further information please call 03702 416 726.

*Repairs will start on the same working day (as long as you bring your vehicle in before 3pm), or at least within 24 hours of its arrival. If we need to order parts, we'll begin work the day they're delivered. 'Vehicle off road' repairs should be completed within 24-hours.
**Your Transit Centre can arrange to collect your vehicle and deliver it back to you after service or repairs, so you can get on with running your business. By arrangement and limited to a specific mileage radius of the dealer. Contact your local dealer to discuss your requirements.
†Available at participating Dealers only. Roadside Assistance is activated automatically at every routine service with coverage extended valid from the date of service for 12 months, or until the next service is due, whichever comes first. See Ford.co.uk/roadsideassistance for more information.

°Ford Credit: Finance subject to status. Guarantees may be required. Freepost Ford Credit.
Ford Credit is a trading style of FCE Bank plc. which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and Prudential Regulation Authority under firm reference number 204469.
°Ford Lease: Ford Lease is provided by ALD Automotive Ltd, trading as Ford Lease, Oakwood Drive, Emersons Green, Bristol, BS16 7LB. ALD Automotive is registered in England No. 987418. For the purposes of the Data Protection Act 1998 the data controllers in relation to any information you supply are Ford Motor Company Limited, FCE Bank Plc and ALD Automotive. Finance subject to status. Guarantees and indemnities may be required. ALD Automotive is authorised and regulated by the Financial Conduct Authority.

Efficiency

Ford Fiesta Van EcoBoost Hybrid features sophisticated electrified powertrain technology to deliver petrol performance and optimised fuel efficiency*, without reducing load volume or payload**.

The new Fiesta Van EcoBoost Hybrid adds an electrified option to the Fiesta Van line-up, making it both responsive to drive and cost-effective to operate*.

The system enhances the 1.0-litre Ford EcoBoost petrol engine with a belt-driven integrated starter/generator (BISG), which recovers the energy usually lost during braking and coasting, and uses it to charge its onboard battery pack.

The BISG also acts as a motor, seamlessly integrating with the petrol engine and using the stored energy to deliver extra torque during driving and acceleration, particularly at lower engine speeds, as well as running the van's electrical ancillaries to further enhance efficiency and performance*.

Ford Fiesta Van EcoBoost Hybrid features include:

- **1.0L Ford EcoBoost Hybrid (125 PS/92 kW) petrol engine** with cylinder deactivation technology
- **Belt-driven integrated starter/generator (BISG)** provides additional torque during normal driving and acceleration
- **48-volt lithium-ion air-cooled battery pack** located under the front passenger seat. It is automatically recharged by the engine while you drive, and by regenerative braking that reclaims the energy typically wasted as you slow down
- **Enhanced Auto Start-Stop system** operates in a wider range of scenarios for enhanced fuel efficiency*, including when coasting to a stop below 15 mph (24 km/h)
- **0.96 cu.m load volume and 531 kg payload****

Fuel economy and CO₂ emissions

The test used to establish fuel consumption and CO₂ figures has changed to deliver results that are more representative of real driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption and CO₂ figures shown are derived from the new WLTP test. Please note that vehicle registration tax (VRT) is not based on these WLTP figures in 2019, these figures are for information purposes only.

Understanding fuel data

The table below shows the fuel consumption (WLTP) and CO₂ emissions (WLTP) for each available engine when fitted on a standard specification (with no options or accessories). Adding options or accessories to your chosen vehicle can Impact WLTP fuels consumption and CO₂ emissions. Please speak to your Ford Dealer for more information.

The fuel consumption you achieve in real life conditions and CO₂ produced will depend upon a number of factors including options and accessories fitted, variations in weather, driving styles and vehicles load.

	Available on	Axle ratio	Combined Fuel consumption (WLTP)		CO ₂ Emissions (WLTP)	
			Lowest performing (L/100km)	Highest performing (L/100km)	Lowest performing (CO ₂)	Highest performing (CO ₂)
Fiesta Van 3-door						
Petrol						
1.0 Ford EcoBoost 125 PS (91 kW) with Auto Stop Start, 6 speed manual transmission	Sport	3.94	4.5	6.5	148	102
1.0 Ford EcoBoost 125 PS (91 kW) mHEV with Auto Stop Start, 6 speed manual transmission	Sport	3.94	4.3	6.2	142	99

The test used to establish fuel consumption and CO₂ figures has changed to deliver results that are more representative of real driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption and CO₂ figures shown are derived from the new WLTP test. This will produce more accurate figures which most likely will be greater than those arrived at using the NEDC test. Please be mindful of this in making comparisons between vehicles where some manufacturers may still display the old NEDC figures. It should be noted that vehicle registration tax (VRT) and where applicable motor tax is not based on these WLTP figures in 2020, these figures are for information purposes only. For further information please visit <https://www.ford.co.uk/owner/resources-and-support/fuel-economy>
Understanding fuel data - The table shows the fuel consumption (WLTP) and CO₂ emissions (WLTP) for each available engine when fitted on a standard specification Fiesta Van (with no options or accessories). Adding options or accessories to your chosen vehicle can Impact WLTP fuels consumption and CO₂ emissions. Please speak to your Ford Dealer for more information.

*For further fuel economy and emissions information, please refer to the specifications section.
**Cargo and load capacity limited by weight and weight distribution. Maximum payload varies and is based on accessories and vehicle configuration. See label on door jamb for carrying capacity of a specific vehicle.

Get the most from your new Ford

We want to help you get the most from your new Ford. And to do that, you need to know how much it is designed to safely carry, both in terms of payload and load volume. Your Ford Dealer can provide professional advice on important specification aspects, and help to find the right van for your budget and business needs.

The Ford Fiesta Van is designed to carry cargo – and lots of it.

Choosing a new van is an important decision with lots of factors to be considered. While some aspects, like selecting the most appropriate derivative, identifying the intended primary use and determining load box size are relatively simple, others, such as calculating payload are more complex.

Payload capacity

To calculate payload, you need to know two things: the vehicle's gross vehicle mass (GVM) and its kerb mass.

GVM is the maximum permissible weight of the vehicle when loaded and ready to go – that includes the weight of the vehicle itself, ancillaries, driver and crew (assuming the industry standard weight of 75 kg/person), fluids, fuel tank 90% full (1 litre of diesel = approximately 0.85 kg), optional and aftermarket equipment, and cargo.

Kerb mass is the weight of a standard-specification base series vehicle, including fluids and fuel tank 90% full, but without the driver, crew or cargo. If you intend to load the vehicle close to its maximum capacity, it is recommended that you add a margin for error of 5% of the kerb mass to the kerb mass figure before calculating payload, to reduce the risk of overloading.

Payload is the difference between the two.

Gross vehicle mass minus **kerb mass** = **payload**

So to help you choose the right vehicle for your needs, here are some more detailed explanations about the factors that can influence a vehicle's payload. These include, but are not limited to:

Driver and crew

We calculate the weight of the driver based on the industry-standard weight of 75 kg. Remember that the driver and crew are not included in the kerb mass figure, so when a driver or crew boards the vehicle, its available payload will be reduced accordingly.

Factory-fitted options

Most factory-fitted options will affect a vehicle's payload. For example, air conditioning can add approximately 10 kg to a vehicle's weight, and therefore reduce its payload accordingly.

Your Ford Dealer will be able to tell you what features can add or reduce your vehicle's kerb mass and by how much.

Series

All kerb masses quoted in this brochure are for standard-specification series models. Higher series models will generally weigh more due to the increased level of features and equipment.

Manufacturing tolerances

Variations in manufacturing and production processes mean that no two vehicles are likely to weigh exactly the same.

Accessories and aftermarket conversions

It is important to think carefully about what to do with your vehicle after you take delivery. Any accessories fitted or aftermarket conversions to the vehicle may adversely affect its payload. Please speak to your Ford Dealer for more information and advice.

If payload is critical to your business, or if you plan to carry cargo at, or close to, the vehicle's maximum capacity, your Ford Dealer can help. Using their specialist expertise and knowledge, they can advise you on the exact specification of vehicle required to meet your individual business needs.

Configure your van to suit your job

Ford vehicles are available with a wide range of standard and optional features. Your Ford Dealer can help you ensure that you specify the right vehicle features for your specific business needs, including technical items to aid aftermarket fitment of specialist equipment or conversion.

Note Technical information for vehicle converters can be found online via the Body and Equipment Mounting Manual at www.etis.ford.com ; go to >information >>vehicle conversions.

contact
Ford Credit Account Services : 0345 712 5490
Ford Lease Customer Services : 0344 600 1405
Calls to 0344 and 0345 numbers are charged at the same rate as a standard 01 or 02 geographic number, even when calling from a mobile.

own
When you drive away in your new vehicle, we're with you all the way. Ford has a large authorised service network to help you keep your vehicle in the best condition. And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your vehicle back to its pre-accident condition and on the road as quickly as possible.

finance
When it comes to financing your Ford commercial vehicle, our size and expertise means we're well placed to provide you with a wide range of finance plans.
Ford Credit* provides a range of finance plans for your commercial vehicle customers interested in vehicle ownership.
Ford Lease^ specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business.

For more information about our finance products visit ford.co.uk
*Finance subject to status. Guarantees may be required. Freepost Ford Credit.
Ford Credit is a trading style of FCE Bank plc. Which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority under firm reference number 204469.
^Ford Lease is provided by ALD Automotive Limited acting as Ford Lease BS16 7LB. ALD is registered in England No. 987418. ALD is authorised and regulated by the Financial Conduct Authority.

FordPass is a new platform that will empower you to rethink the way you move. Finds parking locations nearby, contains vehicle and finance details, dealer information and a host of useful guides.
Live Traffic access is free for the first 2 years following the purchase of a new Ford featuring SYNC 3 with navigation; thereafter there is an annual licence fee.

Weights, loads and performance

	Max. Gross payload (excluding driver/passengers) (kg)	Gross vehicle mass (kg)	Min. Kerb mass in basic trim (excluding driver/passengers) (kg)	Gross train mass (kg)	Max. Towable mass braked (kg)/unbraked
Sport					
1.0 Ford EcoBoost mHEV 125 PS (91 kW)	515	1620	1105	2720	1100/590
1.0 Ford EcoBoost mHEV 125 PS (91 kW)	515	1635	1104	2720	1100 / 580

All figures quoted are preliminary and are a range from/to dependent on options selected. Kerb mass is affected by many factors such as bodystyles, engines and options. It is the weight of a standard-specification base series vehicle (different series will have different kerb masses), including fluids and fuel tank 90% full, but without the driver (75 kg), crew or cargo. Payload within this guide is the difference between gross vehicle mass (GVM) and kerb mass with a further 75 kg deduction for the weight of the driver. It must be noted that actual weight will always be subject to manufacturing tolerances which may result in payload variations between this guide and actual weight. For customers intending to load vehicle close to maximum payload, **we suggest you also add a margin for error of 5% of kerb mass to the kerb mass figure before calculation, to reduce risk of overloading.** NB: It is the responsibility of the vehicle operator to ensure their vehicles are legally compliant for road use.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and recommended prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. **Note.** The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
