# MBUX – the Mercedes-Benz User Experience infotainment system.

The state-of-the-art MBUX technology comes with a high resolution 7-inch touchscreen fitted as standard, offering intuitive touch control. You can also upgrade to a 10.25-inch display with HD resolution for additional features.

## 7-inch (standard) features

- The state-of-the-art MBUX technology comes as standard in every Sprinter and offers a wealth of features:
- Works in conjunction with steering wheel touch pads, for quick and easy fingertip access
- Apple CarPlay/Android Auto, a DAB radio and Wi-Fi hotspot\*
- Allows text messages and navigation data to be sent between the driver and vehicle manager when the van is stationary to increase productivity and efficiency
- Additional services such as Live Traffic information can be accessed via Mercedes me. More information about Mercedes me is [available here](#).

## 10.25-inch (optional upgrade) additional features

- 'Hey Mercedes', Voice Command Operation
- Fully-integrated navigation system with Live Traffic, Van-to-X Communication and 3D map display
- What3words – a geocoded map system offering more accurate location services – integrated into the in-van navigation systems. Drivers with compatible models can now say or type in a 3 word address to get directions to a precise 3m x 3m location, anywhere in the world.

➤ [For more information on optional features, see page 17](#)

\* Wi-Fi hotspot requires a separate data contract with Vodafone, which can be purchased through the MBUX head unit.

# Equipment (standard and optional overview).

RETURN TO START

Every Sprinter model comes with a host of standard features, plus a range of optional equipment and packages you can add to enhance your van.

Continues overleaf...

If adding the crew van Pack Upgrade it increases the kerb weight by approx 77kg and decreases payload by approx 77kg.

All figures are based on a standard specification. The addition of factory options may affect CO<sub>2</sub> emissions and corresponding Road Fund Licence. The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). # Finance options.

## Get an agreement that suits you with Mercedes-Benz Finance.

At Mercedes-Benz Finance we understand what it takes to run a modern-day business. Because of this, we have a number of finance options ready to suit your business needs.

### Agility

A flexible way of financing a vehicle over a fixed term. At the start of your agreement, decide on your deposit amount, expected annual mileage and how long you want the agreement to last.

- You'll have fixed regular payments meaning you can easily budget
- Payments are only based on a part of the vehicle's value, keeping your payments lower
- You're in control: At the end of the agreement you can decide to purchase your vehicle, return it, or part-exchange it for a new one.

### Hire Purchase

A great choice if you want to own the vehicle outright. At the start of your agreement, decide on your deposit amount and how long you want the agreement to last, and we'll work out your monthly payments.

- The monthly payments are not based on annual mileage
- You have the option to have a balloon payment at the end of the agreement, which will lower your monthly payments
- When you've paid all the monthly repayments and Purchase Activation Fee, the vehicle is yours to keep.

### Operating Lease

For those who want to drive a Mercedes-Benz over a fixed term, without the commitment of taking full ownership. Decide on your advance rental amount, expected annual mileage, and how long you want the agreement to last.

- Once all rentals are paid, you simply hand your vehicle back
- You only repay part of the vehicle's value, keeping your monthly rentals lower
- For business customers, rentals are allowable against taxable profits (proportionally).

### Contract Hire

Gives you the ability to enjoy driving a Mercedes-Benz without taking on full ownership. Decide on your advance rental amount, expected annual mileage how long you want the agreement to last, and any servicing options.

- The monthly rentals include the cost of the Vehicle Excise Duty
- You only repay part of the vehicle's value, keeping your monthly rentals lower
- For business users, VAT is reclaimable depending on your usage (proportionally).

### Finance Lease

Hire the vehicle for a fixed period without the option of ownership. Pay an agreed amount upfront, and decide if you wish to include a balloon payment at the end of your agreement. This lowers your monthly rentals.

- The fixed regular rentals enable you to easily budget, and are not based on annual mileage
- The vehicle is an asset on the balance sheet, therefore tax allowances may be deducted from taxable profits
- At the end of your agreement, there is an option to extend for an agreed period by paying a 'peppercorn' payment. This is equal to one month's rental per annum.

# Service24: Demand more

## The most comprehensive Aftercare package – for businesses that demand more.

Our 120-strong Dealer network works around the clock to service and maintain your vans and keep your business moving. It all adds up to more value, more flexibility and more confidence that you'll only find at an authorised Mercedes-Benz Dealer.

RETURN TO START

### › Flexible servicing and maintenance

Book your service online or by telephone, and as well as a standard 'drop and go' service with a courtesy van, you'll also get:

- Early bird, late night and weekend slots
- Mobile service
- Overnight service
- Collect & deliver service
- Express 1hr service
- Electric van service.

[Find out more about service and repairs](#)

### › Flexible ways to pay and save

With fixed, transparent national pricing there are no surprises with our services and repairs – plus you can fix, spread and reduce your service and maintenance costs, and ease your cashflow at the same time, with a payment plan.

- Pay as You Go
- ServiceCare Maintenance
- ServiceCare Flex (specifically for fleets)
- ServiceCare Complete.

[Find out more about service options](#)

### › 3-year unlimited mileage warranty

Available on every new van, all service and maintenance – and any work required – is covered by your 3-year unlimited mileage warranty, and is only undertaken by Mercedes-Benz trained technicians using Mercedes-Benz GenuineParts.

[Find out more about warranties](#)

### › Free breakdown cover & roadside assistance\*

Every van comes with free Europe-wide breakdown cover – MobiloVan. And with 3 years' cover on new vehicles for driver mishaps, no one goes further to keep your business moving.

- Trained technicians using only Mercedes-Benz GenuineParts
- Forward travel of load and crew is covered
- Driver mishap cover for the first 3 years, including out of charge cover or empty fuel tanks.

[Find out more about MobiloVan](#)
